

TEAM ID	PNT2022TMID27559
PROJECT NAME	Analytics for Hospitals' Health-Care Data
DATE OF THE MEETING	22-10-2022

## MINUTES OF THE MEETING : SPRINT-1

- First we will create the login page.
- For that we collected the data required for the login page.
- Next, we upload the data in IBM Cognos analytics with watson.
- Then data preparation and cleaning is done.
- At last, the project objectives are defined in which the work of whole project is stated.

The screenshot shows a Google Meet interface with a presentation slide titled "Length of hospital stay" from OECD Data. The slide displays a bar chart showing the length of hospital stay (in days) for various countries, with the y-axis ranging from 0 to 18. The chart shows a general upward trend in hospital stay lengths across the countries listed. The presentation is being shared by ANSHIYA ANTROLIN ES 191T044. The Meet window also shows the names of the participants: Bavithira Soundrapandian, SNEHA D 191T020, ANSHIYA ANTROLIN ES 191T044, and You. The bottom of the screen shows the Windows taskbar with the time 10:48 AM on 19-11-2022.
